

Wodonga 2050 Community Vision Statement

Vision Statement

In 2050, Wodonga is a unique and thriving community that is inclusive, accessible, well connected and safe for all. We are a progressive regional hub that values diversity, a sense of belonging and strong links to our people and nature.

We are committed to continuous improvement of our wellbeing, sustainability, and connection to the environment around us.

Vision Themes

1. Moving forward

Future focused, accessible interconnected transport and infrastructure that is smart, sustainable, affordable and driven by future community needs.

2. Wellbeing for all

The strength of the community is bolstered by diversity and mutual connections. We support active spaces and environment, which fosters wellbeing and resilience through all stages of life.

3. Thriving environment

Proactive custodianship and enhancement of our unique biodiversity, waterways and other environmental assets.

4. Places and spaces for all

Connected neighbourhoods that are safe, clean and green, facilitating sustainable and affordable liveability.

5. Connected communities

An inclusive community which champions social connection from all walks of life, where no one is left behind.

6. Dynamic advocacy

Building a stronger community through active partnerships and vigorous advocacy of the region's priorities.
